Re: Summertown Construction

I have had the privilege of working with Summertown Construction on different occasions. They have always been very good to work with and I have used them on both large and small jobs. Their work is of great quality and has always been completed on schedule. Mr. Terry Potts and Mr. Paul McBride are men of integrity and you can trust the both of them to do quality work. I am glad to recommend Summertown Construction for your next construction job.

Sincerely,

Bill Webb
Lewis County Mayor
